The Australian Aborigines' League purpose holding a picnic at Panton Hill on Eight Hours' Day, having received permission to use the grounds there. We hope to make new contacts and enable the local folk to meet us to mutual-advantage. As there will be a horticultural show in the hall we can help by our presence and prove quite an interesting side line. While we are primarily going out for a picnic and will, in all probability have some little sports gathering, we will also engage in boomerang throwing, gum leaf playing and possibly some singing, which should prove of interest.
