

A. P. A. Burdeu, President, Australian Aborigines' League, to the Minister for the Interior, Thomas Paterson, 19 August 1936, National Archives of Australia. A659, 1940/1/858

I would be glad to receive the copies of the annual report for North and Central Australia in respect of the aborigines if you would be so kind as to make these available.

Each State, excepting Victoria has been good enough to do this. Victoria is not publishing a report at present.

The copies are sought, one for self and one for the secretary of the League

Thank you.
