

A. P. A. Burdeu, President, Australian Aborigines' League, to the Secretary, Department of the Interior, 18 April 1937, National Archives of Australia, A659, 1942/1/8104

I presume that you will be issuing a statement of the deliberations of Chief Protectors, etc, and in this event I would be glad if you will issue one to me for the information of the members of this league.

Aborigines are looking forward to the decisions of this conference and their ultimate acceptance by the various administrations as the Aborigines' Magna Carta.

Thank you.
